Profile Summary

BCA Graduate skilled in full-stack web and software development using Java, Python, PHP, SQL, and React.js. Experienced in database-driven application design, backend integration, and data visualization through SQL, Power BI, and Python. Completed an internship at Elevate Labs and currently pursuing the Deloitte Technology Virtual Internship. Strong in OOP, SDLC, REST APIs, and debugging. Certified in Oracle Generative AI (OCI), reflecting adaptability to modern technologies and continuous learning.

TECHNICAL SKILLS

- **Core Concept:** OOP, SDLC, REST API, MVC Architecture, Debugging
- **Programming Languages:** Java, Python, C, C++, VB.NET, SQL
- **Databases & Querying:** MySQL, SQL (Joins, Query Optimization)
- **Web Technologies:** HTML5, CSS3, JavaScript, PHP, React.js, Responsive Design
- **Tools:** VS Code, Git, GitHub, Excel, XAMPP, Linux Command Line (basic operations)
- **Soft Skills:** Adaptability, Team Collaboration, Attention to Detail, Time Management

WORK EXPERIENCE

Elevate Labs | Data Analyst Intern

Apr 2025 – May 2025

- Performed data cleaning, transformation, and visualization using SQL, Python, and Power BI on real-world datasets.
- Collaborated with developers to integrate data outputs into backend workflows and dashboards.
- Enhanced understanding of database design, query optimization, and backend data flow, aligning with full-stack and software development practices.

PROJECTS

Inventory Management System | Tech Stack: HTML5, CSS3, JavaScript, PHP, SQL

Aug 2025

- Developed a role-based web application with **Admin**, **Special User**, and **General User** functionalities.
- Built data-driven dashboards for monitoring inventory, categories, and sales using structured SQL queries.
- Integrated data analytics logic to generate sales reports and performance insights.
- Focused on scalability, accuracy, and clean UI, demonstrating strong analytical and coding abilities.

Password Guessing Game (Python)

Oct 2025

- Created an interactive Python text game with difficulty levels and dynamic hint generation
- Enhanced logic-building and problem-solving skills through modular and efficient code design.

CERTIFICATIONS & TRAINING

Aug 2025

- Oracle Certified Generative AI Professional – Oracle Cloud Infrastructure (2025).
- Elevate Labs Certification in Data Analysis (March 2025 – May 2025).
- Deloitte Technology Virtual Internship (Ongoing, 2025) – through Forage.

Education

Bachelor of Computer Application (BCA)

Rajiv Academy for Technology and Management, Mathura, Uttar Pradesh

UP, India

June 2022 – June 2025
